REMARKS

The attention of teachers is invited to the classic literature which we are now publishing in a cheap form for school use. During the next school year valuable additions will be made to the Riverside Literature Series. We shall be glad to supply teachers with descriptive circulars of our books, and we will send free to any teacher who applies for it, a portrait catalogue of all our publications, containing portraits of more than forty of our famous authors.

ARITHMETIC IN TWO BOOKS.

WARREN COLBURN'S FIRST LESSONS.	16mo, . . .	35 cents.
H. N. WHEELER'S SECOND LESSONS.	16mo, . . .	60 cents.
ANSWERS TO THE SECOND LESSONS.	16mo, paper, . .	20 cents.

These two books form a complete course in Arithmetic, which is characterized throughout by a careful application of the Inductive Method of Instruction.

"Colburn's First Lessons" has never had a superior, and we think not an equal. . . . We are glad the book has been republished in this very attractive form. For use in all schools below the eighth grade, it might be substituted for the two or three books now in use, with every advantage to the learner.

WILLIAM H. PAYNE, A.M., *Pres. of Normal College, Nashville, Tenn.*

It is with pleasure that I say a few words in favor of "Wheeler's Second Lessons in Arithmetic." In my opinion it fills a long-felt want in the schools. It teaches the pupils to do arithmetic, and does not swamp them with a multiplicity of useless rules. I use the book in class at least five times where I did not use the former text-book once. One needs only to know it to like it.

THOS. J. HIGGINS, *Providence Street School, Worcester, Mass.*

Descriptive circulars of each of these books, including sample pages and recommendations, will be sent to any address on application.

Cr. 8vo. \$1.25.

This volume contains the two MSS. which divided the \$1000.00 prize offered by the American Secular Union for the best manual of scientific unsectarian ethics for the use of public school teachers, "The Laws of Daily Conduct," by NICHOLAS P. GILMAN, and "Character Building," by EDWARD P. JACKSON. The two parts are also sold separately. (Ready September 1.)

CIVIL GOVERNMENT IN THE UNITED STATES, CONSIDERED WITH SOME REFERENCE TO ITS ORIGINS.

By JOHN FISKE. With questions prepared by F. A. Hill, Principal of the English High School, Cambridge, Mass. 12mo, 380 pages. \$1.00, net.

This book has been pronounced by the most prominent Educators in America as unquestionably the best treatise on the subject of Civil Government ever prepared for the schools of our country. It has been adopted for use by every State Normal School in Massachusetts, and by a large number in other States; also by many of the leading High Schools and Academies of our Country, and it has been highly commended by the American Institute of Civics, not only for use in schools, but for careful study by all who wish to perform the duties of American citizenship intelligently, by reason of the thoroughness with which the principles of constitutional government are traced to their origin and in their evolution, the distinctness with which the different forms and methods of administration are treated, the clearness and precision of statement which mark the work, and its perfect candor and impartiality.

A New Latin Dictionary.

952 pages. Square 8vo, half leather, \$2.00.

The attention of the bookselling trade is invited to an **Elementary Latin Dictionary**, by CHARLTON T. LEWIS, Ph.D., just published by Messrs. Harper & Brothers. The work is substantially an abridgment of the author's "Latin Dictionary for Schools," but is sufficiently full to meet the needs of students in preparatory or fitting schools, and also of the first and second year's work in the colleges. It answers in every respect to the demand for a good working dictionary at a reasonable price. A trial order is solicited.

"Being an abridgment of a work that is already well known and that has been received in all quarters with admiration and approval, there is no need of extended remarks upon details of the present book. It is, without any doubt, the most scholarly and correct elementary Latin dictionary that has ever been published in English. It will be a comfort for teachers to feel that this book is likely to supplant a certain elementary dictionary published in England and very generally used in this country, full though it is of antiquated notions, especially in the matter of orthography."—*New York Evening Post*.

HARPER'S LATIN DICTIONARY. Founded on the Translation of "Freund's Latin-German Lexicon." Edited by E. A. ANDREWS, LL.D. Revised, enlarged, and in great part rewritten by CHARLTON T. LEWIS, Ph.D., and CHARLES SHORT, LL.D. pp. xiv., 2020. Royal 8vo, sheep, \$6.50; full Russia, \$10.00.

LIDDELL & SCOTT'S GREEK LEXICON. Revised and enlarged. A Greek-English Lexicon. Compiled by HENRY GEORGE LIDDELL, D.D., and ROBERT SCOTT, D.D. With co-operation of HENRY DRISLER, Jay Professor of Greek in Columbia College, New York. pp. xvi., 1776. Seventh edition, revised and augmented throughout. 4to, sheep, \$10.00.

LIDDELL & SCOTT'S INTERMEDIATE GREEK LEXICON. An Intermediate Greek-English Lexicon, founded upon the seventh edition of Liddell and Scott's Greek-English Lexicon. pp. iv., 910. Small 4to, cloth, \$3.50; linen, \$3.75; sheep, \$4.00.

LIDDELL & SCOTT'S GREEK LEXICON. Abridged. A Lexicon abridged from Liddell and Scott's Greek-English Lexicon. The *Twentieth Edition*, carefully revised throughout. THAYER'S GREEK-ENGLISH LEXICON. Greek-English Lexicon of the New Testament; being Grimm's Wilke's Clavis Novi Testamenti. Translated, revised and enlarged by JOSEPH HENRY THAYER, D.D. pp. xx., 726. 4to, cloth, \$5.00; half roan, \$6.00; sheep, \$6.50.

THE AMERICAN EDUCATIONAL CATALOGUE FOR 1891.

[PUBLISHERS' PRICES.]

NOTICE.—In this Catalogue only prices made by publishers themselves are given—retail, if retail, in first column; “net” (wholesale), if “net,” in second column; where a “mailing” percentage is specified by the publisher, the “mailing price” is given in the retail column marked with an asterisk (*), in addition to the wholesale price. When price-columns are left blank, the publisher failed, on application, to furnish price. A double asterisk (**) in price-columns designates books forthcoming. New books, issued since the publication of the Catalogue of 1890, are designated by a single asterisk (*) before title.

 In comparing prices or ordering at retail, private buyers should bear in mind that a percentage must be added to prices quoted at wholesale, to cover freight, handling, delivering, etc. Discounts on quantities vary on different lines, according to the kind of prices adopted by the respective publishers.

For subject classification (and for collective references to classic authors entered here under separate editors), see the second part of the Catalogue, following this main alphabet.

LONGMANS, GREEN & CO.'S NEW LIST.

HISTORY.

Epochs of American History.

Edited by ALBERT BUSHNELL HART, Assistant Professor of History in Harvard College. 12mo.

1. **THE COLONIES, 1492-1750.** By REUBEN GOLD THWAITES, Secretary of the State Historical Society of Wisconsin; author of "Historical Waterways," etc. With marginal notes, bibliographies, index and four colored maps. 322 pages, \$1.25.

"A broad philosophical treatment runs through the book, which presents colonization in this country not as a series of disconnected efforts, but as a phase of history."—*Christian Union*.

"There is a strength of individuality about this newcomer which predicts for it a good foot-hold in historical literature."—*Chautauquan*.

"A model of its kind in plan and execution."—*Buffalo Times*.

"The object of the writer has been to produce a good text-book for schools or a brief *résumé* for the use of the general reader. He has succeeded; the work is well done. The style is clear and agreeable. The most important facts in the history of the period have been correctly stated. Much information has been compressed within a limited space."—*Political Science Quarterly*.

"Are all that could be desired. . . . This volume is more like a fair treatment of the whole subject of the colonies than any work of the sort yet produced."—*Critic*.

2. **FORMATION OF THE UNION, 1750-1829.** By ALBERT BUSHNELL HART, A.B., Ph.D., the editor of the series. [*In the Fall*].

A Student's History of England.

From the Earliest Times to 1885. By SAMUEL RAWSON GARDINER, M.A., LL.D., Fellow of All Soul's College, Oxford, etc.; author of "The History of England from the Accession of James I. to 1642," "History of the Great Civil War," etc. Vol. I. (B.C. 55-A.D. 1509.) With 173 illustrations. Crown 8vo, price, \$1.20. Vol. II. (1509-1689.) With 96 illustrations. Crown 8vo, price, \$1.20. [*Just published*.] Vol. III. (1689-1885.) [*In preparation*.] When complete, the work will also be issued in a single volume.

"A work distinguished by accuracy and clearness of statement, sobriety of judgment, and a due sense of historical proportion. . . . Prof. Gardiner will lead his students to think—a thing most necessary for students, especially, perhaps, students of history."—*Athenæum*.

"We have, in this book, the course of events narrated with perfect clearness, the characters of great men described so far as they affected events, and social conditions briefly summarized. Every advantage has been taken of mechanical aids to achieve the supreme object of lucidity. . . . The illustrations would of themselves suffice to rank the book in a class by itself."—*Academy*.

"If we do not greatly mistake, this History of England will supplant all others used as text-books in schools and colleges. The illustrations, a notable feature, . . . are not the old-fashioned and hackneyed ones to be found in most so-called illustrated histories; . . . they are illustrative of the text and afford an excellent study in the manners of the times."—*Critic*.

A History of Greece, from the Earliest

Times to the Macedonian Conquest. By C. W. C. OMAN, M.A., F.S.A., Fellow of All Soul's College, and Lecturer at New College, Oxford. With maps and plans. Crown 8vo, 532 pages, \$1.50.

"The best of all school histories of Greece. . . . We strenuously recommend this history to the attention of schoolmasters."—*Spectator*.

ROBINSON, M.A., Assistant Master at Wellington College. With illustrations and maps. 16mo, 366 pp., 80 c.

ENGLISH.

The Following are Some of the Opinions of the Trade and Press:

"For the time that we have devoted to its examination, are well pleased with it."—ROBERT CLARKE & Co., Publishers and Booksellers, Cincinnati.

"You deserve well of the world till you die, and after, but the book trade is just as ungrateful as any republic, and although they may sling an occasional laurel wreath out your way, the silver buzzard and the golden eagle flieeth not so fast nor so far." There is but one Directory of the Book and Stationery Trade and that is *Caspar's*."—P. F. VAN EVEREN, New York.

"It is just splendid. *The most complete book of the kind we have seen.*"—J. H. KURZENKNABE & SONS, Harrisburg, Pa.

"I am greatly pleased with your Directory. It is the best work of the kind ever issued and deserves a large sale."—NATURAL SCIENCE PUBLISHING Co., New York.

"It seems more complete than anything of the kind I have seen before."—J. B. MARTINDALE, Chicago.

"We like it very much, and we don't know but what it is the best thing of the kind we have ever seen."—P. R. McCARGO & Co., Boston.

"Am very grateful to you for the conscientious care and painstaking effort in preparing so valuable and so complete a work. Be kind enough to enter my name, and mail me all addenda sheets in future, and do not fail to notify me of any new project in this line you may engage in."—GEO. H. COLBY, Bookseller, Lancaster, N. H.

"We have looked it over with great interest and appreciate the fact that it will be of great value to us."—W. O. DAVIE & Co., Booksellers, Cincinnati.

"I think your book a most valuable one and believe it will be better appreciated as it becomes better known."—WILL H. LYONS, Newport, Ky.

"Even a cursory examination of this important directory will convince any one of the thorough manner in which it has been put together and of the value of the completed work. Mr. Caspar has produced a work which, if properly kept up from year to year, will be the standard."—*The American Stationer*, New York City.

"*The Appendix to 'Caspar's Directory of the American Book, News, and Stationery Trades'* is a most valuable compilation, exhaustive and complete. The information it contains is absolutely unique and not to be procured from any other source. Hence it is of the first importance to every one in the trades. It is admirably arranged; the references are simple, and being grouped under special heads, makes consultation a matter of little or no difficulty. Such a work is really a great trade text-book, from which the initiated can feel the pulse of the whole book-publishing world. It is a monument of careful, painstaking and accurate labor, and is as reliable as it is extensive. . . . The preparation of this useful volume must have been a work of immense labor and patience, and Mr. Caspar must be congratulated on the success which he has achieved. It is a manual for publishers, booksellers, newsdeales, stationers, and libraries, indispensable to them all."—*The American Bookseller*.

For the convenience of those who send out Travelling Agents, the publisher has had the Geographical Part bound separately in a handy shape, at \$13 for the two volumes. These volumes will not be sold separately.

RICHTER'S CHEMISTRIES.

By EDGAR F. SMITH, F.C.S., M.A., Ph.D.,

Prof. of Chemistry in the University of Pennsylvania; Member of the Chemical Societies of Berlin and Paris; of the Academy of Natural Sciences, of Philadelphia; Amer. Philos. Soc.; Soc. Chem. Indus., England, etc., etc.

INORGANIC CHEMISTRY. Third American, from the Fifth German Edition; thoroughly revised and in many parts rewritten. With 89 illustrations and colored plate of Spectra. 12mo, cloth, \$2.00.

THE CHEMISTRY OF THE CARBON COMPOUNDS, or Organic Chemistry. Second American, from a new German Edition; greatly enlarged. Illustrated. 12mo, cloth, \$4.50.

Prof. Richter's methods of arrangement and teaching have proved their superiority by the large sale of his books throughout Europe, translations having been made in Russia, Holland and Italy. The success attending the republication in this country could only have been attained for good books that have been found useful, practical and thoroughly up to the times. Almost every teacher who has examined them has, without hesitation, given a testimonial of their value, and in the large number of schools and colleges in which they have been adopted as text-books, they have stood the test of time and use.

SANDYS, Litt D., Fellow and Tutor of St John's College and Public Orator in the University of Cambridge. With more than 450 illustrations. 4to, cloth, gilt, \$6.00 net.

The *Dictionary of Classical Antiquities* which is here offered to the public is founded on a work by Dr. Oskar Seyffert, of Berlin, which has deservedly attained a wide circulation in Germany. Within the compass of a single volume it comprises all the subjects usually treated in a *Dictionary of Greek and Roman Antiquities*, while it also supplies information on matters of Mythology and Literature which has generally to be looked for in the pages of a *Classical Dictionary*.—From the Preface.

An Etymological Dictionary of the German Language.

By FRIEDRICH KLUGE, Professor in the University of Jena. Translated from the Fourth German Edition by JOHN F. DAVIS, D.Lit., M.A. In one large 8vo volume, cloth, \$3.00.

"This is a famous work made possible by the studies in language of the last hundred years. It is an attempt to set forth in a brief, clear and connected manner the history of each element of the German vocabulary. The translator has aimed at making the book as easily comprehensible to English students as the original work is to Germans. The book will be a vast help to students of the German language, and will aid greatly in tracing the origin of words in the kindred language—the English. It will therefore be a valuable addition to the student's library."—*School Journal*.

Small 4to, cloth, 800 pages, \$2.50.

An Etymological Dictionary of the English Language.

"Its merits are those of laborious and conscientiously accurate research, guided by profound learning and never-failing sagacity."—Prof. HENRY SWEET.
